

Peer Feedback Script Review Rubric

Comprehensive peer critique form evaluating 2-column formatting, active voice writing, echo-free SOT lead-ins, technical metadata accuracy, and read-aloud timing.

REVIEWER: _____	SCRIPT AUTHOR: _____	DATE: _____
STORY SLUG: _____	EST. TRT: _____	OVERALL SCORE: ____ / 20

Evaluation Criteria	Proficient / Target (4-3 Points)	Needs Revision (2-1 Points)	Score & Peer Notes
1. 2-Column Formatting	Video column is ALL CAPS. Technical cues (shots, CG, audio) align horizontally with corresponding audio lines.	Video and audio cues are misaligned, missing ALL CAPS formatting, or mixed into wrong columns.	Score: ____ / 4 Notes:
2. Active Voice Writing	Uses strong Subject-Verb-Object phrasing. Sentences are short, conversational, and avoid bureaucratic jargon.	Relies on passive verbs ('was/were'), overly complex print structures, or clunky cop talk.	Score: ____ / 4 Notes:
3. Echo-Free SOT Lead-In	Lead-in identifies speaker and sets up emotional perspective without parroting soundbite's exact words.	Parrots or echoes the exact words spoken in the SOT, or fails to introduce speaker prior to cut.	Score: ____ / 4 Notes:
4. Technical Metadata Accuracy	Slug, reporter name, CG lower thirds, tape cues, and phonetic guides are complete and error-free.	Missing crucial CG tags, incomplete slug, absent phonetics for hard-to-pronounce names.	Score: ____ / 4 Notes:
5. Read-Aloud Timing & Flow	Script flows naturally during oral delivery; uses dashes/ellipses for natural breath pauses and matches TRT.	Anchor stumbles during oral reading; lacks vocal breath indicators; wildly exceeds or falls short of TRT.	Score: ____ / 4 Notes:
